Finding Journal Titles in the Online Catalog (WebPAC)

1. From the Library’s Homepage, select Find Journal Titles.

2. Select WebPAC (Widener Library Catalog).

3. In the drop-down menu choose Journal Title and enter the title that you want to find.

4. The catalog will indicate:
   - A. The library only owns the print version.
   - B. The library owns the print version of this title and provides electronic access as well. The library may own the print version of a journal for a specific span of years and then offer only electronic coverage.

Important: Always check the dates for the article that you need.
