Requirements for Engineering Applicants

To be admitted to the School of Engineering as a Freshman, a student must have one of the following to satisfy the Math requirement:

1. Earn a grade of “C” or better in MATH 120 Pre-Calculus at Widener or an equivalent course pre-approved by the School of Engineering.
2. Receive a minimum of 510 on the SAT Math (or the equivalent ACT Math score).

To be admitted to the School of Engineering as a Transfer, a student must have the following:

1. A 2.50 cumulative grade point average from all post-secondary institutions attended
2. A grade of “C” or higher in Calculus I
3. A grade of “C” or higher in one of the following required sciences in the Engineering curriculum: General Chemistry I, Physics I, or Biology (for Bio-medical Engineering only)

If the student is in progress for Calculus I and/or the science requirement at the time of application, he/she may still be admitted but will be required to show successful completion (“C” or higher) before matriculation.

Requirements for Nursing Applicants

Non-native English speaking applicants born outside the United States (international applicants, immigrants to the U.S. and U.S. permanent residents) are required to submit the results of a test of English proficiency (Exemptions) Accepted tests and requirements are as follows: TOEFL Internet-based test (75 minimum/26 minimum on the speaking section) Widener Standardized test code: 2642, TOEFL Paper-based test (540 minimum), or the IELTS (6.5 overall band score).
