

Placement of Employment by Industry (2018)

The 2018 Graduation Outcomes Survey, as administered by Handshake, was used to compile employer industries into which Widener University students have gained employment. Data was collected for the graduating class of 2018, defined as those students graduating in August 2017, December 2017 and May 2018. The employment industry and number of students working in that industry is listed below. Recent graduates self-disclosed this information and the survey was administered between April and December 2018.
