

Satisfaction of Employers and Employment Milestones

CAEP Standard 4.3: The provider demonstrates, using measures that result in valid and reliable data and including employment milestones such as promotion and retention, that employers are satisfied with the completers' preparation for their assigned responsibilities in working with P-12 students.

Widener University's Assessment Plan

Widener University is currently strategizing an Assessment Plan to demonstrate the satisfaction of employers and employment milestones.

The following school districts and schools often hire Education program completers upon receiving appropriate PA state licensure: Ridley School District, Interboro School District, Philadelphia City School District, Chester Community Charter School, and Widener Partnership Charter School.

Widener University's Assessment Plan includes:

- Soliciting feedback from Widener University's CAEP Advisory Board;
- Administering a Satisfaction of Employers and Milestones Survey to the school districts listed above;
- Inviting key stakeholders to participate in a Satisfaction of Employers and Milestones focus group.

Once the data collection process is complete, Widener University will have a better understanding and assessment of the level of satisfaction of employers and employment milestones.
