

Personal & Professional Goals Statement (2-3 Pages double-spaced)

Your professional goals should focus on your specific interest, career objectives, or current position/role in the field. This essay gives you an opportunity to demonstrate your ability to succeed in this program and provides us with background information about your interests, the likes of which should be articulated in a Personal Statement.

1. Describe your career aspirations within the field of human sexuality, or if you are already working in the field please describe your current role.
2. Why did you choose to apply to the Advanced Training Program in Transgender Mental Health?
3. Describe significant life experiences that have led to the development of your personality, your values, and belief systems, and briefly describe why you think you would make a qualified participant in this program
