

## Placement of Employment by Industry (2019)

The 2019 Graduation Outcomes Survey, as administered by Handshake, was used to compile industries into which Widener University students have gained employment. Data was collected for the graduating class of 2019, defined as those students graduating in August 2018, December 2018 and May 2019. The employment industry and number of students working in that industry is listed below. Recent graduates self-disclosed this information and the survey was administered between April and December 2019.
