INDEPENDENT AUDITORS' REPORT

Board of Trustees
Widener University and Affiliate
Chester, Pennsylvania

We have audited the accompanying consolidated financial statements of Widener University and Affiliate, which comprise the consolidated statements of financial position as of June 30, 2020 and 2019, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
Widener University and Affiliate

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Widener University and Affiliate as of June 30, 2020 and 2019 and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

WIDENER UNIVERSITY AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Operations

Founded in Wilmington, Delaware, in 1821, Widener University (the University) comprises eight schools and colleges that offer liberal arts and sciences, professional, and pre-professional curricula. A metropolitan teaching institution, the University is a three-campus university offering more than 150 programs of study leading to one of 90 associate, bachelors, masters, or doctoral degrees. The University's schools include the College of Arts and Sciences, School of Business Administration, School of Engineering, School of Human Service Professions, Delaware Law School, Commonwealth Law School, the School of Nursing, and the Center for Extended Learning.

The University is incorporated in both the Commonwealth of Pennsylvania and the state of Delaware. The University is a private, nonprofit institution of higher education with campuses in Chester, Pennsylvania; Harrisburg, Pennsylvania; and Wilmington, Delaware. The consolidated financial statements of the University have been prepared on the accrual basis of accounting. The significant accounting policies followed by the University are described below to enhance the usefulness of the financial statements for the reader.

During fiscal year 2016, Cares Twenty One S.R.L. (the Affiliate) was formed in Costa Rica. The Affiliate's purpose is to own and operate a property within Costa Rica for educational purposes. The University is the sole owner of the Affiliate.

Basis of Presentation

The University's consolidated financial statements are prepared in accordance with generally accepted accounting principles for nonprofit organizations.

Net assets and revenues, expenses, gains, and losses are classified as without donor restrictions or with donor restrictions based on the absence or existence of donor-imposed restrictions as follows:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions.

Net assets with donor restrictions – Net assets whose use by the University are subject to donor-imposed stipulations that may or will be met either by actions of the University or the passage of time are reported as net assets with donor restrictions. Additionally, funds received as gifts which have been accepted with the donor stipulation that the principal be maintained intact in perpetuity are reported as net assets with donor restrictions. The investment returns on these gifts held in perpetuity are included in net assets with donor restrictions until such time that the funds are drawn in accordance with the University's spending policy and utilized in accordance with the donor restriction.

WIDENER UNIVERSITY AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions, unless their use is restricted by explicit donor stipulation or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

The University allocates its expenses on a functional basis among its various programs and supporting services. Expenses that can be readily identified with a specific program or supporting service are allocated directly. Other expenses that are common to several functions are allocated by various statistical bases.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. An allowance for uncollectible contributions received is provided based upon management's judgment, including such factors as prior collection history, type of contribution, and nature of fund-raising activity.

Contributions made toward long-lived assets are held as net assets with donor restrictions until the asset is placed in service. At such time, the contribution is considered to be released from restriction and reclassified to net assets without donor restriction.

Income and realized and unrealized net gains on investments of endowment and similar funds are reported as follows:

- (1) As increases in net assets with donor restriction if the terms of the gift or the University interpretation of relevant state law require that they be added to the principal of a permanent endowment fund;
- (2) As increases in net assets with donor restriction based upon relevant state law or if the terms of the gift impose restrictions on the use of the income; or
- (3) As increases in net assets without donor restrictions in all other cases.

Commonwealth of Pennsylvania law permits the University to allocate to income each year a portion of endowment net realized gains under an endowment spending policy, limited to 7% of the trailing three-year average of the market value of the endowment assets. Since endowment net realized and unrealized gains may eventually be spent by the University, endowment net realized and unrealized gains are recorded in the financial statements as net assets with donor restriction until transferred to net assets without donor restrictions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Principals of Consolidation

The consolidated financial statements of the University include the accounts of the Affiliate. All significant inter-organizational transactions have been eliminated in these consolidated financial statements.

Nonoperating Activities

Nonoperating activities reflect transactions of a long-term investment or capital nature, including investment returns net of the amount the University has appropriated for current operational support in accordance with the University's endowment spending guidelines, changes in the postretirement benefit obligation, voluntary retirement program and severance expense, and other transactions that are not accounted for as part of ongoing budgeted operations.

Cash and Cash Equivalents

Cash equivalents include all highly liquid interest-bearing deposits with maturities of three months or less at time of purchase, except those held for long-term investment purposes. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to certain limits. At times the University's cash may exceed FDIC insurable limits.

Investments

Investments are stated at fair market value as provided by external investment managers or quoted market values. Investments acquired by gift are recorded at the fair value on the date the gift was received. Cost of investments sold is determined on the first-in, first-out method, and investment transactions are recognized on the settlement date.

Valuations for private debt and equity funds and other alternative investments are based on valuations provided by external investment managers or on audited financial statements when available. Valuations provided by external investment managers include estimates, appraisals, assumptions, and methods that are reviewed by management.

The University generally uses net asset value per share as reported by investment managers as the practical expedient estimate of fair value without further adjustment for its investments in alternative investment funds for which there is no readily determinable market value.

Accounts Receivable

Accounts receivable include student accounts receivable, affiliate receivables, grants, and other receivables. Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is recorded annually based on historical experience and management's evaluation of individual accounts. Bad debts are written off when deemed uncollectible. Receivables are generally unsecured.

WIDENER UNIVERSITY AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are recorded at cost, net of depreciation, except for gifts of physical properties, which are recorded at their appraised value when received. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets: buildings, 50 years; building improvements, 15 years; equipment, 7 years; and personal computers, 4 years. Capital expenses greater than \$10,000 are capitalized.

Art Collection

The University houses a collection of American paintings and the Alfred O. Deshong Collection of European paintings and Oriental art objects at the Widener University Art Collection and Gallery that it does not capitalize. These collections adhere to the University's policy to (a) maintain them for public exhibition, education, or research; and (b) protect, keep unencumbered, care for, and preserve them.

Deferred Revenue

Deferred revenue primarily consists of unearned tuition and fees related to summer semesters and prepaid tuition, fees, and contract advances. Such amounts will be recognized as revenue as they are earned.

U.S. Government Grants Refundable

Funds provided by the U.S. government under the Federal Perkins Loan Program are loaned to qualified students and may be reloaned after collections. These funds are ultimately refundable to the U.S. government and are presented in the accompanying consolidated statements of financial position as a liability.

Asset Retirement Obligation

The University recognizes the fair value of a liability for legal obligations associated with asset retirements in the period in which the obligation is incurred, if a reasonable estimate of the fair value of the obligation can be made. When the liability is initially recorded, the University capitalizes the cost of the asset retirement obligation by increasing the carrying amount of the related long-lived asset. The liability is accreted to its present value each period, and the capitalized cost associated with the retirement obligation is depreciated over the useful life of the asset. Upon settlement of the obligation, any difference between the cost to settle the asset retirement obligation and the liability recorded is recognized as a gain or loss in the consolidated statements of activities.

Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date and requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

WIDENER UNIVERSITY AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value of Financial Instruments (Continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Self-Insurance

The University maintains a self-insurance program for its employees' health care costs beginning in November 2016. The University is liable for losses on claims up to \$175 per claim and \$10,500 in total for the year. The University has third-party insurance coverage for any losses in excess of such amounts. Self-insurance costs are accrued based on claims reported as of the statement of financial position date as well as an estimated liability for claims incurred but not reported. The total accrued liability for self-insurance costs was \$1,796 and \$1,935 as of June 30, 2020 and 2019, respectively.

Federal Income Taxes

The University has been recognized by the Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code. As such, it is subject to tax only on income from activities unrelated to its tax-exempt mission. For the years ended June 30, 2020 and 2019, the University generated no significant unrelated business income subject to tax, and no provision for income taxes was provided. The University believes it has taken no significant uncertain tax positions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tuition and Fee Revenue

The University recognizes revenue from student tuition and fees within the fiscal year in which educational services are provided. Any payments received in advance are classified as deferred revenue in the accompanying consolidated statements of financial position. The University provides financial aid to eligible students, generally in a package that can include loans, compensation under work-study programs, and/or grant and scholarship awards. The loans are provided primarily through programs with the U.S. government under which the University is responsible only for certain administrative duties. The grant and scholarships include awards provided from gifts and grants from private donors, income earned on endowment funds restricted for student aid, and University funds.

Four summer terms are offered: half summer I from mid-May to the end of June; half summer II from early July to mid-August; full-term summer I from mid-May to mid-August; and full-term summer II from end of May to mid-August. Payments of tuition and housing for all of the summer terms are recognized as performance obligations are met. Because the academic terms for Full-term Summer I and II span two reporting periods, a portion of the revenues are included in deferred revenue.

Sponsored Awards

The University receives sponsored program funding from various governmental and corporate sources. The funding may represent a reciprocal transaction in exchange for an equivalent benefit in return, or it may be a nonreciprocal transaction in which the resources provided are for the benefit of the University, the funding organization's mission, or the public at large.

Revenues from exchange transactions are recognized as performance obligations are satisfied.

Revenues from non-exchange transactions (contributions) may be subject to conditions, in the form of both a barrier to entitlement and a refund of amounts paid (or a release from obligations to make future payments). Revenues from conditional non-exchange transactions are recognized when the barrier is satisfied.

Indirect costs recovered on federally sponsored programs are generally based on predetermined reimbursement rates, which are stated as a percentage and distributed based on the modified total direct costs incurred. The University negotiates its federal indirect rate with its cognizant federal agency. Indirect costs recovered on all other grants and contracts are based on rates negotiated with the respective sponsors. Funds received for sponsored research activity are subject to audit. Based upon information currently available, management believes that any liability resulting from such audits will not materially affect the financial position or operations of the University.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Auxiliary Enterprises Revenue

Auxiliary enterprises revenue includes revenues from contracts with customers to provide student housing and dining facilities, the campus store, child development center and other miscellaneous activities. Performance obligations for housing and dining services are delivered over the academic terms. Consequently, revenue from housing and dining services is recognized ratably as services are rendered.

Reclassifications

Certain reclassifications have been made to the 2019 amounts to conform to the 2020 presentation.

Adoption of New Accounting Standard

The University has adopted the accounting guidance in Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-07, *Compensation—Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*. The amendments in this ASU require that an employer disaggregate the service cost component from the other components of net benefit cost. The amendments also provide explicit guidance on how to present the service cost component and the other components of net benefit cost in the statement of activities and allow only the service cost component of net benefit cost to be eligible for capitalization. Adoption of ASU 2017-07 resulted in the reclassification of the presentation of the other components of net benefit cost between operating and non-operating expenses. As required by this ASU, the amendments were applied retrospectively for the presentation of the service cost component and the other components of net periodic postretirement benefit cost in the statement of activities

NOTE 2 REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue Recognition

Revenue from contracts with customers is recognized when control of the promised goods or services is transferred to our customers (students), in an amount that reflects the consideration we expect to be entitled in exchange for those goods or services.

The following table shows the University's tuition revenue disaggregated according to the timing of transfer of goods or service and by source:

Revenue Recognized over Time:	Year Ended June 30, 2020	Year Ended June 30, 2019
Undergraduate Tuition and Fees	\$ 59,153	\$ 60,590
Extended Learning Tuition and Fees	2,584	2,317
Graduate Tuition and Fees	59,552	58,991
Total	\$ 121,289	\$ 121,898

NOTE 2 REVENUE FROM CONTRACTS WITH CUSTOMERS (CONTINUED)

The following table shows the University's auxiliary revenues disaggregated according to the timing of transfer of goods or service and by source:

Revenue Recognized over Time:	Year Ended June 30, 2020	Year Ended June 30, 2019
Housing \$	10,954	\$ 14,346
Dining	6,885	9,070
Other	551	751
Total \$	18,390	\$ 24,167

Performance Obligations and Revenue Recognition

The University has four academic terms: fall, spring, summer 1, and summer 2. Tuition revenue is recognized in the fiscal year in which the academic programs are delivered. Auxiliary revenue is recognized in the fiscal year in which housing and food services are provided. Any payments received prior to fiscal year end related to academic terms that occur subsequent to fiscal year end are recorded as deferred revenue in the accompanying consolidated statements of financial position.

Customer contracts generally have separately stated prices for each performance obligation contained in the contract. Therefore, each performance obligation generally has its own standalone selling price. Arrangements for payment are agreed to prior to registration of the student's first academic term. Generally, payments for tuition, fees and auxiliaries are due approximately two weeks prior to the start of the academic terms. Students may also enter into a payment plan in which payment is due at predetermined dates during the course of a semester. Many students obtain Title IV or other financial aid resulting in the University receiving a significant amount of the transaction price at the beginning of the academic term.

Transaction Price

Revenue, or transaction price, is measured as the amount of consideration expected to be received in exchange for transferring goods or services. Tuition and auxiliary revenues are reported at established rates.

Students may receive discounts, scholarships or refunds, which gives rise to variable consideration. The amount of discounts or scholarships are applied to individual student accounts when such amounts are awarded. Therefore, the transaction price is reduced directly by these discounts or scholarships from the amount of the standard rates charged.

Students who adjust their course load or withdraw completely within the first 8 days of the academic term (add/drop period) may receive a full or partial refund in accordance with the University's refund policy. Once the add/drop period passes, students are no longer eligible for a refund.

WIDENER UNIVERSITY AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

NOTE 2 REVENUE FROM CONTRACTS WITH CUSTOMERS (CONTINUED)

If a student withdraws prior to completing an academic term, federal regulations permit the University to retain only a set percentage of the total tuition and auxiliary revenues received from such student, which varies with, but generally equals or exceeds, the percentage of the academic term completed by such student. Payment amounts received by the University in excess of such set percentages of tuition are refunded to the student or the appropriate funding source.

Management reassesses collectability throughout the period revenue is recognized by the University based on the aging of the students' accounts receivable balances.

Contract Balances

Tuition, fees and auxiliary revenues are recognized in the period classes and services are provided and amounts received for future periods are reported as deferred revenue. Students are billed at the beginning of each academic term and payment is due at pre-established dates prior to the start of the academic term. The University's performance obligations are to provide educational services in the form of instruction as well as housing facilities and meals during the academic term. As these performance obligations are satisfied over the academic term, deferred revenue is reduced.

The activity and balances for deposits and deferred revenue from contracts with customers are shown in the following table:

	Summer Terms (Tuition & Housing)	Student Organizations	Other Organizations	Deposits	Total
Balance at June 30, 2018	\$ 10,444	\$ 320	\$ 95	\$ 65	\$ 10,924

Practical Expedients

As the University's performance obligations have an original expected duration of one year or less, the University has applied the practical expedient to not disclose the amount of the transaction price allocated to our performance obligations that are unsatisfied (or partially unsatisfied) as of the end of the reporting period and when the entity expects to recognize this amount as revenue. All consideration from contracts with customers is included in the transaction price.

NOTE 3 LIQUIDITY

To help manage unanticipated liquidity needs, the University has signed a line of credit in the amount of \$5,000 in 2018 which it could draw upon. Additionally, the University has a quasi-endowment of \$40,900. Although the University does not intend to spend from its quasi-endowment other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation, amounts from its quasi-endowment could be made available if necessary. However, both the quasi-endowment and donor endowment contain lock-up provisions that would reduce the total investments that could be made available.

The University's financial assets due within one year of the balance sheet date for general expenditure are as follows at June 30:

	2020	2019
Cash and Cash Equivalents	\$ 40,345	\$ 49,518
Student Receivable	10,150	6,871
Affiliates Receivable	782	668
Grants and Other Receivables	3,467	1,683
	<u>\$ 54,744</u>	<u>\$ 58,740</u>

The University endowment funds consist of donor endowment and quasi-endowment. Income from the donor endowment is restricted for specific purposes and, therefore, is not available for general expenditure. The quasi-endowment has a spending rate of 5.5% and 6.2% for the years ended June 30, 2020 and 2019, respectively.

NOTE 4 CONTRIBUTIONS RECEIVABLE

The University has \$22,955 and \$23,430 as of June 30, 2020 and 2019, respectively, of investments in nonmarketable alternative investment funds which are reported at estimated fair value. The unobservable inputs used to determine the fair value of these investments have been estimated based on the net asset value per share as provided by the investment managers as the practical expedient estimate of fair value of the investment without further adjustment. All of those investments are redeemable with the fund at net asset value under the original terms of the partnership agreements and/or subscription agreements and operations of the underlying funds. However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements. Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the net asset value of the funds and, consequently, the fair value of the University's interests in the funds. Although a secondary market exists for these investments, it is not active and individual transactions are typically not observable. When transactions do occur in this limited secondary market, they may occur at discounts to the reported net asset value. It is therefore reasonably possible that if the University were to sell these investments in the secondary market, a buyer may require a discount to the reported net asset value, and the discount could be significant.

NOTE 7 PROPERTY AND EQUIPMENT (CONTINUED)

The University has asset retirement obligations arising from regulatory requirements to perform certain asset retirement activities at the time of disposal of certain capital assets. The liability was initially recorded at fair value, and is adjusted for accretion expenses and changes in the amount or timing of cash flows. The corresponding asset retirement costs are capitalized as part of the carrying values of the related long-lived assets and depreciated over the useful lives of the assets. The discount rate is 5% for 2020 and 2019. The liability relates to estimated costs to remove asbestos that is contained within the University's facilities, and is as follows for the years ended June 30:

	2020	2019
Asset Retirement Obligation - Beginning of Year	\$ 4,214	\$ 4,013
Accretion	186	201
Less: Disposals	(491)	-

In November 2013, the University borrowed \$52,875 for the refinancing of the 2003 revenue bonds and the partial refinancing of the 2005 revenue bonds. The 2003 revenue bonds were for the refinancing of the 1992, 1993, 1996, and 2000 revenue bonds, as well as the construction of a Science and Engineering building on the Main Campus. Financing was arranged through a bond offering with the Authority. The 2013A bond offering original principal consisted of \$22,995 of serial bonds that bear interest at the annual rate of 4.0% to 5.25% and are due over thirteen years beginning July 15, 2015 and maturing July 15, 2028; term bonds of \$4,840 that bear interest at 5.0% and are due on July 15, 2030; term bonds of \$8,270 that bear interest at 5.25% and are due on July 15, 2033; and term bonds of \$16,770 that bear interest at 5.5% and are due on July 15, 2038.

In September 2014, the University borrowed \$19,605 for the refinancing of the 2005 revenue bonds. Financing was arranged through a bond offering with the Authority. The bond offering original principal consisted of \$14,705 of serial bonds that bear interest at the annual rate of 2.0% to 5.0% and are due over nineteen years beginning July 15, 2015 and maturing July 15, 2034; term bonds of \$4,900 that bear interest at 5.0% and are due on July 15, 2038.

Total interest was \$3,814 and \$3,886 for the year ended June 30, 2020 and 2019, respectively.

At June 30, 2020, the University's obligations mature as follows:

NOTE 11 EMPLOYEE BENEFIT PLANS

The University has a 403(b) tax-deferred saving plan for faculty, administrative staff, and other employees. The plan is funded by the purchase of individual annuity contracts and mutual funds. The University makes a matching contribution of 100% of participants' deferrals up to the first 5% after the employee has met the age and service requirements. The University also makes a nondiscretionary employer contribution of 5% of eligible compensation for employees, even if the employees have not elected to make their own deferral contributions after they meet the age and service requirements. Employees vest immediately in all contributions made by the University.

The University also makes direct pension payments to certain pensioners for service prior to the initiation of the current plans.

Total expense relating to the above savings plans and pension payments was \$5,713 and \$5,283 for the years ended June 30, 2020 and 2019, respectively.

In addition, the University provides medical plan supplemental coverage to retirees as a postretirement benefit. Information with respect to the plans is as follows:

	<u>2020</u>	<u>2019</u>
Change in Benefit Obligation		
Benefit Obligation at Beginning of Year	\$ 58,020	\$ 56,411
Service Cost	1,157	1,160

Medicare Part D Prescription Drug Federal Subsidy	59	36
Benefit Obligation at End of Year	<u>\$ 65,808</u>	<u>\$ 58,020</u>

Net periodic postretirement benefit cost (service cost reported as an expense, the remaining components reported as a part of the net change in postretirement benefit obligation, in the consolidated statements of activities) includes the following components:

	<u>2020</u>	<u>2019</u>
Service Cost	\$ 1,157	\$ 1,160
Interest Cost	1,919	2,200
Amortization of Prior Service Credit	(36)	(36)
Amortization of Unrecognized Loss	505	86
Net Periodic Postretirement Benefit Cost	<u>\$ 3,545</u>	<u>\$ 3,410</u>

The accumulated postretirement benefit obligation was determined using a discount rate of 2.75% in 2020 and 3.57% in 2019 and a healthcare cost trend rate of 5.90% in 2020 and 7.05% in 2019. This rate gradually decreases to 4.5% by the year 2030 and remains constant thereafter. Increasing the assumed healthcare cost trend rate by 1.0% in each year and holding all other assumptions constant would increase accumulated postretirement benefit obligation approximately \$11,577 and \$10,035 at June 30, 2020 and 2019, respectively, and increase the aggregate of the service and interest cost components of the net periodic postretirement benefit cost by \$588 and \$605 for the years ended June 30, 2020 and 2019, respectively.

The University's expected employer contributions are \$1,855 for the year ending June 30, 2021.

Net assets associated with endowment funds, including funds designated by the board of trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The University has interpreted relevant law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund absent explicit donor stipulations to the contrary. As a result of this interpretation, the University classifies as net assets with donor restrictions endowment funds as (a) the original value of gifts donated to the endowment; (b) the original value of subsequent gifts to the endowment; and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the University in a manner consistent with the standard of prudence prescribed by relevant law. Pennsylvania law permits the board of trustees to make an election to annually appropriate for expenditure a selected percentage between 2% and 7% of the fair value of the assets related to donor-restricted endowment funds averaged over a period of three or more preceding years, provided the board of trustees has determined that such percentage is consistent with the long-term preservation of the real value of such assets.

Return Objectives and Risk Parameters

The University has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity as well as board-designated funds. Under this policy, as approved by the board of trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the appropriate indices while assuming a moderate level of investment risk. The University expects its endowment funds, over time, to provide a board-approved average rate of return annually. Actual returns in any given year may vary from that amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The University targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

NOTE 13 ENDOWMENTS (CONTINUED)

Spending Policy and How the Investment Objectives Relate to Spending Policy

The University has a policy of appropriating for distribution each year up to a board-approved percentage of its funds based on the average three-year rolling market value. The board-approved spending rate was 5.5% and 6.0% for the years ended June 30, 2020 and 2019, respectively. In establishing this policy, the University considered the long-term expected return on its funds. Accordingly, over the long term, the University expects the current spending policy to allow its endowment to grow annually. This is consistent with the University's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original gift amount. There were no deficiencies of this nature as of June 30, 2020 and 2019.

The financial statements utilize, when possible, a direct allocation method for expenses of a functional category. Other categories of expenses that are attributable to more than one program or supporting function require allocation on a reasonable basis that is consistently applied. Expenses that are allocated on a square footage basis include depreciation, interest, and operations and maintenance. Benefits and payroll taxes are allocated based on the percentage of salary expense.

NOTE 18 RISKS AND UNCERTAINTIES

During the fiscal year, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. Subsequent to year-end, the COVID-19 pandemic continues to have significant effects on global markets, supply chains, businesses, and communities. Specific to Widener University, COVID-19 may impact various parts of its 2021 operations and financial results, including, but not limited to, declines in enrollment, loss of auxiliary revenues, additional bad debts, costs for increased use of technology, or potential shortages of personnel. Management believes Widener University is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

Due to COVID-19, the Federal Government passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act on March 27, 2020 which included funding for the Higher Education Emergency Relief Fund (HEERF). These funds were awarded to institutions of higher education in two equal allotments; institutional aid to provide support for pivoting instruction to online delivery or reimbursement of refunds, and a student portion to provide emergency financial aid grants to students.

NOTE 18 RISKS AND UNCERTAINTIES (CONTINUED)

The University received an allocation of \$1,397 in student portion and \$1,397 in institutional portion. As of June 30, 2020, the University had expended \$1,397 related to room and board refunds that is netted with Auxiliary Enterprise revenue on the Statement of Activities, as well as, the University had expended \$1,136 related to emergency student grants that is included in CARES Act Grants to Students expense on the Statement of Activities. \$1,397 was drawn down and received by June 30, 2020. Remaining \$1,397 remains in accounts receivable as of June 30, 2020.

NOTE 19 SUBSEQUENT EVENTS

In preparing these consolidated financial statements, the University has evaluated events and transactions for potential recognition or disclosure through October 6, 2020, the date the financial statements were issued.

Subsequent to the end of the fiscal year, the University experienced certain organizational changes including voluntary retirement of staff and faculty, continuous furloughs of certain departments' employees, reduction in compensation and benefits for certain university positions. In addition, more cost reducing initiatives were introduced to decrease general expenses of the University. The full impact of these measures is unknown and cannot be reasonably estimated as these initiatives are still developing.
