

BRIGHT. FUTURE.

Here's how Widener's **master of science in nursing** program will put you on the inside track to a rewarding career.

PICK A POWERHOUSE PROGRAM.

Named a **Top 10 nursing program** in Pennsylvania

- Nursing Almanac

Only school nationwide recognized as a **Center of Nursing Excellence** for advancing the science of nursing education

- National League for Nursing

► GAIN REAL-WORLD EXPERIENCE.

Adult Gerontology: Whether you pursue our **nurse practitioner** or **clinical nurse specialist** concentration, you'll gain valuable clinical experience at the region's top healthcare systems and facilities.

Nursing Education: Prepare to educate in clinical and academic environments by conducting research alongside professionals-in-training from other disciplines.

Choose from several career-advancing concentrations on two campuses: Chester and Harrisburg, PA.

Executive Nurse Leadership: Collaborate with future leaders from Widener's School of Business—among other disciplines—to enhance your understanding of the needs of patients and the systems that care for them.

Family Individual Across the Lifespan: Immerse yourself in the diverse settings in which primary care is delivered. You'll discover your best fit and plan your next career move.

► LAUNCH YOUR CAREER—SURROUNDED BY A SUPPORTIVE COMMUNITY.

Recent Employers & Industry Connections

Children's Hospital of Philadelphia, Christiana Care Health System, Cooper Univ. Health System, Hospital of the Univ. of Pennsylvania, Thomas Jefferson Univ. Hospital

Experience **powerful mentorship** from industry-connected faculty and accessible alumni.

Form **long-lasting connections** with peers and mentors through groups such as the National League for Nursing, Sigma—International Honor Society of Nursing, and many more.

"When I'm in a patient's room, assessing and giving medications, I hear my professors' voices from lectures. They've made me the best nurse I could possibly be and continue to grow into." - **Jeremiah McFarland '19 '24**
